

APPLICATION TO JOIN **TAKE 5 HOMEOWNER PROTECTION PLAN**

_____, (hereinafter "Contractor") hereby applies to be a participating member of the Take 5 Homeowner Protection Plan, (hereinafter the "Plan"). In consideration of Contractor's acceptance into the Plan, Contractor hereby agrees to the following:

1. Contractor shall be solely responsible for correcting all warranty claims covered by the Plan during the first year after the fixtures are set and covered work is completed.
2. After the completion of the first year following the date that the fixtures are set and covered work is completed, Contractor shall be responsible for performing any work necessary to satisfy any warranty claims but shall be entitled to reimbursement from the Plan for those costs covered by the Plan.
3. Contractor acknowledges that Contractor has read the terms of the Plan and all rules and regulations of the Plan and will be governed by those terms and rules and regulations.
4. Contractor's work shall be subject to inspection by the Administrator of the Plan and in the event that the Administrator determines, in the Administrator's sole discretion, that Contractor's work is not installed to applicable codes, the Administrator, in the Administrator's sole discretion, may elect to terminate Contractor's membership in the Plan.
5. In the event that the Plan receives warranty claims relative to Contractor's work which the Administrator, in the Administrator's sole discretion, determines to represent an excessive number of claims, the Administrator may, in the Administrator's sole discretion, terminate Contractor's membership in the Plan.
6. No construction project shall be covered by the Plan until after such project has been inspected by the applicable governing unit and Contractor's work has been approved by that inspector. In the event that the construction project is located where there are no government inspectors available in a timely manner, the Association may have the project inspected by a licensed inspector.

7. Contractor may only participate in the Plan when Contractor is using members of the Plumbers and Pipefitters Local 99 on the construction project.
